COASTLINE & ERA TALENT Projects - Invitation to Webinar: "Startups & Intellectual Property Rights"	Invitation to a webinar on "Startups & Intellectual Property Rights" for researchers, students, and professionals. The event is organised by CUT and partners under the COASTLINE and ERA TALENT projects to foster innovation and entrepreneurship skills.	13/01/2025	<a href="https://www.cut.ac.cy/news/article/?contentId=592170">https://www.cut.ac.cy/news/article/?contentId=592170</a>
BuildSkills Academy: Building Skills for a Greener, Digital Future	The Erasmus+ funded project "BuildSkills Academy" is transforming Vocational Education and Training (VET) in the construction sector. It introduces the "Build Enriched Skills Methodology" (BESM) to bridge skills gaps related to the green and digital transition in Europe.	24/01/2025	<a href="https://www.cut.ac.cy/news/article/?contentId=592550">https://www.cut.ac.cy/news/article/?contentId=592550</a>
Lecture: Introduction to Generative AI and Large Language Models (LLMs) at Limassol District Organisation	The "Software Engineering and Intelligent Information Systems" research lab organised a lecture for the Limassol District Organisation. The session introduced staff to Generative AI and LLMs to enhance their understanding of modern technologies.	04/02/2025	<a href="https://www.cut.ac.cy/news/article/?contentId=593530">https://www.cut.ac.cy/news/article/?contentId=593530</a>
Lecture: Building Resilience in Coastal Communities against Climate Change	A specialised lecture organised under the COASTLINE project focusing on strategies and engineering solutions to build resilience in coastal areas against the effects of climate change and sea-level rise.	27/03/2025	<a href="https://www.cut.ac.cy/news/article/?contentId=599790">https://www.cut.ac.cy/news/article/?contentId=599790</a>

<p>“Futureproofing education and training for the construction sector” - BuildSkills Academy event</p>	<p>A dissemination event for the BuildSkills Academy project was held, presenting the BuildSkills Methodology (BESM). The event focused on creating a resilient, digitally skilled construction workforce and aligning training programs with green and digital skills.</p>	<p>13/07/2025</p>	<p><a href="https://www.cut.ac.cy/news/article/?contentId=611170">https://www.cut.ac.cy/news/article/?contentId=611170</a></p>
<p>Webinar: Mapping and Monitoring Cultural Heritage</p>	<p>A webinar organised within the framework of the COASTLINE project. It brings together experts to discuss the documentation, analysis, and preservation of cultural heritage using advanced mapping techniques, Earth Observation, and UAVs.</p>	<p>05/06/2025</p>	<p><a href="https://www.cut.ac.cy/news/article/?contentId=605790">https://www.cut.ac.cy/news/article/?contentId=605790</a></p>
<p>Earthquake Self-Protection Workshop</p>	<p>Interactive workshop organised in collaboration with Civil Defence.</p>	<p>31/03/2025</p>	<p><a href="https://eratosthenes.org.cy/wp-content/uploads/2025/10/Eratosthenes_Newsletter_Oct2024_Mar2025_V1.pdf">https://eratosthenes.org.cy/wp-content/uploads/2025/10/Eratosthenes_Newsletter_Oct2024_Mar2025_V1.pdf</a></p>
