Critical managerial issues

- Pay more attention to emails received concerning deadlines (very important).
- Emphasis on managerial issues concerning payments.
 - Make a note and when we are late in paying - send an email (maybe something goes wrong).
- Reimbursement procedures
 - All payments will be carried out simultaneously, so the sooner will complete the missing items the sooner all participants will get paid.

Always remember

- Communicate to me any projects submitted/organised based on the Action, like:
 - New PhDs
 - New local funded research
 - New FP7/H2020 proposals, etc.
 - Very important for the progress of the Action
 - I need to know this even if the proposal was not successful.

- Need to have state-of-the-art material.
- Plan it into sections (possibly one per WG) and chapters.
- Too early but need to start discussing contents into WGs. **Now is NOT too early any more....**
