

Meeting of the Management Committee & Working Groups of COST Action TU1205  
"Building Integration of Solar Thermal Systems (BISTS)"

## ► THE MARILYN MONROE PROJECT

### The Super Architects Team

Institute of Heat Engineering – Instytut Techniki Ciepłej  
Warsaw University of Technology – Politechnika Warszawska  
Faculty of Power and Aeronautical Engineering  
Nowowiejska 21/25, room 105  
00-665 Warsaw, Poland  
Fax: +48 22 825 05 65

## 1. INTRODUCTION - CONCEPT

- **Solar Area**

2 big south façades plate and circle

- **Save green area**

Concentration of apartments in two buildings  
only on the access to the streets

- **Walkability of area**

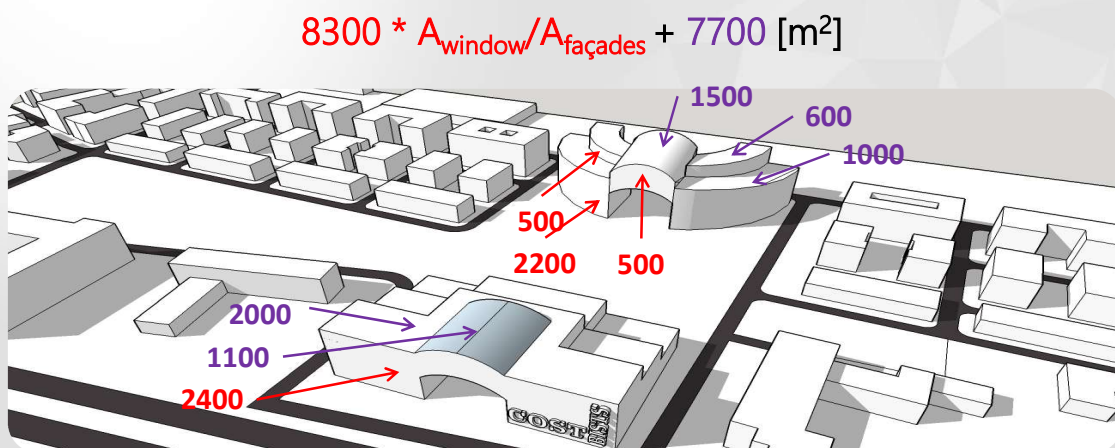

buildings as representative gates to park

- 2000 Users
- 500 apt.units
- 100 m<sup>3</sup> / unit
- 8000 m<sup>2</sup> STS
- 47.000 m<sup>2</sup> Site
- 0.5 Land coverage

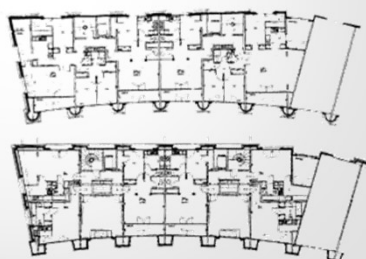

## 2. SITE PLAN

## AVAILABLE SOLAR AREA

### 3. REFERENCE BUILDING

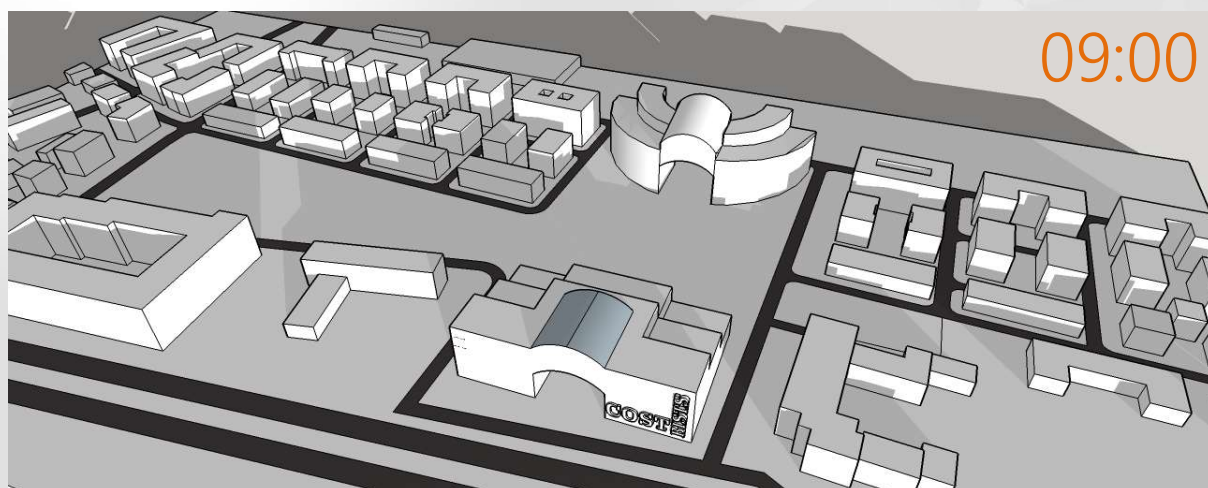

### 4. REFERENCE STS

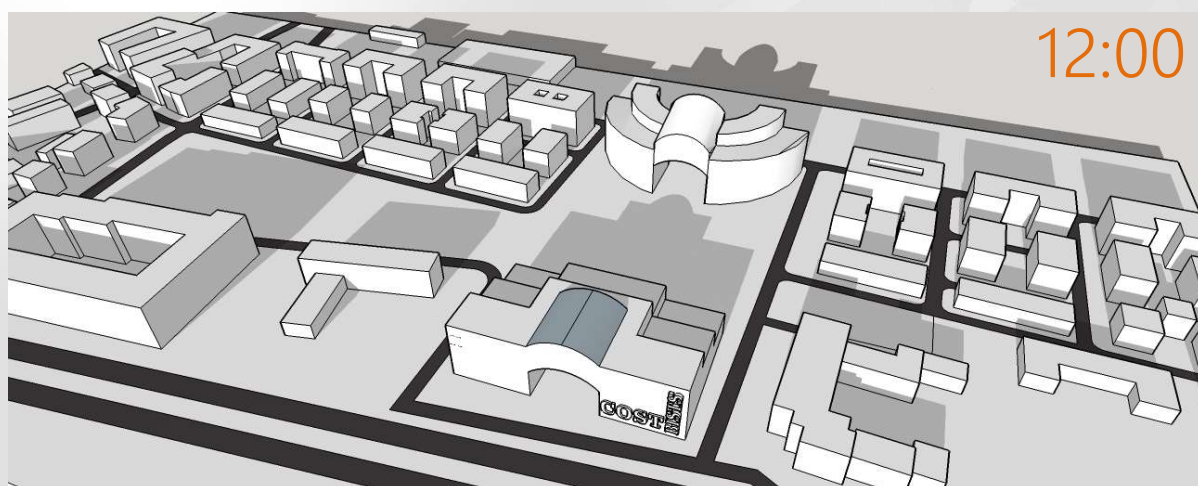

## 4. REFERENCE STS

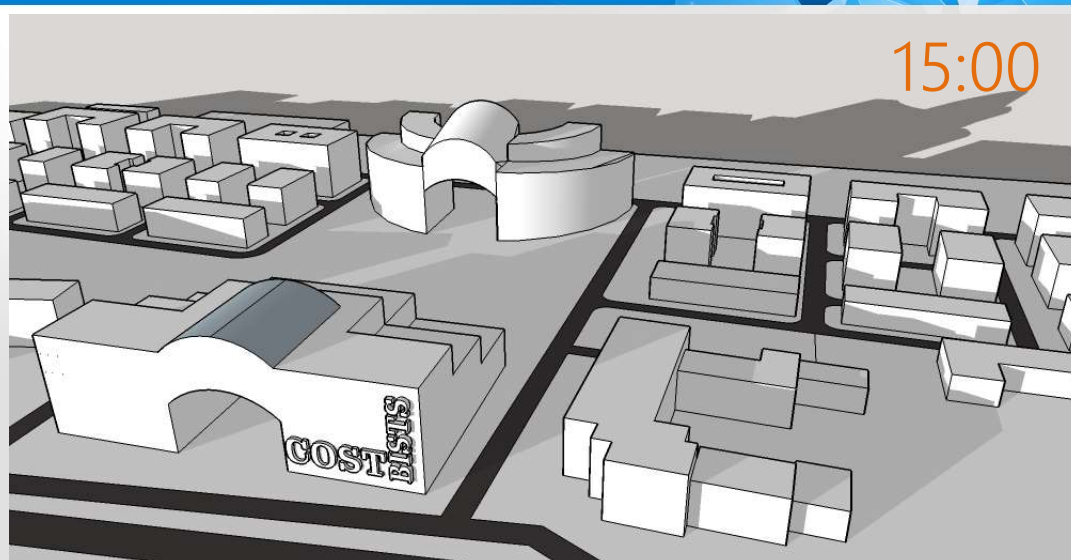

## 5. EXPORT SOLAR - SHADINGS

## 5. EXPORT SOLAR - SHADINGS

## 5. EXPORT SOLAR - SHADINGS

Thanks for  
Your attention!
