PREREQUISITES

Erasmus Charter

- Valid for the period 2014/20.
- (ECHE) provides the general quality framework for European and international cooperation activities between Program and Partner Countries

Inter-Institutional Agreement

- For higher education institutions located in other countries, the ECHE is not required, and the quality framework will be established through inter-institutional agreements.
- By signing an inter-institutional agreement, the involved institutions agree to cooperate for the exchange of students and / or staff in the context of Erasmus+.
- HEIs agree on a series of quantitative and qualitative issues to ensure mobility of high quality and impact.

Learning and Training Agreement

- A "Learning or Training Agreement" is setting out the programme of studies/traineeship to be followed and is approved by the student, the sending and the receiving institution/enterprise.

Quality Label The Diploma Supplement

The Diploma Supplement is granted free of charge automatically and in a widely spoken European language to all graduates of Cyprus University of Technology.

The Diploma, which is issued by the host university, describes the content and level of studies undertaken, but does not substitute for the official study title or the official transcript of courses taken / ECTS earned.

It is an explanatory document attached to the original degree which helps to be more easily understood if it is going to be used in a country different than the country of the host University.
