

Indoor Environment Quality

- ❑ We spend approximately 90% of our lives in indoor spaces.
- ❑ Indoor Environment Quality is an important part of our lives that affects the **health, comfort, productivity** and the overall **well-being** of **occupants**.

Innovation at CUT

- ❑ In cooperation with **LELANTUS Innovations Ltd** and **PHOEBE Research and Innovation Ltd**, air quality sensing devices have been deployed at selected CUT amphitheaters.
- ❑ Continuously monitored parameters: Temperature, Humidity, Carbon Dioxide (CO₂), Volatile Organic Compounds (VOCs), Particulate Matter (PM_{2.5}), Noise and Illuminance.
