ERASMUS+ · CALL FOR APPLICATIONS

Student mobility for studies

Mobility in academic year 2027/2028 · Autumn or spring semester, or full year

DEADLINE	**Monday, 30 November 2026, 23:59 (Cyprus time)**
PLACES	**52**
APPLY AT	**https://erasmus-cut.app**
PROJECT	**2026-1-CY01-KA131-HED-000432661**

General information

The Erasmus+ Mobility Office of the Cyprus University of Technology announces a call for applications for student mobility for studies at the partner universities of each Department, for the academic year 2027/2028.

Selected students spend one or two semesters of study at a partner university, with full and automatic recognition of the credits earned there. Each Department approves in advance the programme of courses the student will follow at the partner university.

Exchanges rest on the mutual recognition of study programmes through the European Credit Transfer and Accumulation System (ECTS). Credits earned during the mobility count in full towards the degree.

Who may apply

- Students enrolled in a Bachelor's or Master's programme of the Cyprus University of Technology whose studies are not suspended may apply.
- Applicants must have completed at least 1 semester(s) of study at the time of application and meet the criteria set by their Department.
- Minimum weighted grade point average: 6.5.
- Minimum level of proficiency in the language of study or work: B2.
- The maximum funding a student may receive is 12 months per study cycle, counting all Erasmus+ activity types together (studies, traineeships, short-term, BIP, recent graduates).
- Mobility to the applicant's country of permanent residence or origin carries a deduction (see selection criteria) and is approved only where places and funding remain.

Eligible destinations and available places

Mobility takes place in the Erasmus+ Programme countries:

Austria, Belgium, Bulgaria, Croatia, Czechia, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Liechtenstein, Lithuania, Luxembourg, Malta, Netherlands, North Macedonia, Norway, Poland, Portugal, Romania, Serbia, Slovakia, Slovenia, Spain, Sweden and Türkiye.

For studies, mobility takes place only at the partner universities each Department has approved for this call. The list per Department, with the places available under each agreement, is given in Annex A and is shown in the platform when applying — each student sees the options of their own Department only.

For the academic year 2027/2028, 52 places have been approved, with an eligible implementation period from 1 September 2027 to 31 July 2028.

The mobility must be completed within the lifetime of project 2026-1-CY01-KA131-HED-000432661, that is by 31 July 2028 at the latest.

Eligibility and selection criteria

An application is eligible provided the applicant submits, together with the application:

1. A recent Transcript of Records.

To rank applicants, the Selection Committee scores applications against the following criteria. The ranking is arithmetic: each criterion carries a fixed number of points, the same for everyone, and the total decides the order. Where places suffice, every eligible applicant is selected.

Criterion	Points
Eligibility gate	
Course-equivalence approval (≥25 ECTS) from the Academic Department	YES / NO — if NO, the application is rejected automatically
Points	
Overall weighted GPA	GPA × 2 (maximum 20)
Year of Study	
2nd year	15
3rd–4th year	20
5th year or above	10
Language Proficiency	
Excellent (C2)	10
Very good (C1)	5
Good (B2)	1
Deductions	
Previous Erasmus participation	−20
Mobility to country of origin	−20

> Important: where a criterion is marked as a gate, failing it means the application is rejected automatically, regardless of points.

How to apply

Applications are submitted exclusively online through the Office's Mobility Platform: https://erasmus-cut.app. Sign in with your university e-mail account (one-time code — no registration needed).

Complete your profile before applying (Department, study cycle and year). An application cannot be submitted from an incomplete profile. Supporting documents are attached to the application as PDF files.

In the application you rank the partner universities in order of preference, from the options shown for your Department.

> Application deadline: Monday, 30 November 2026, 23:59 (Cyprus time). The platform does not accept applications after this date.

The status of your application, your scores and your documents are available in the platform at any time.

Selection procedure

Applications are assessed by the Erasmus+ Selection Committee, which sits monthly.

The sittings of the Selection Committee for the period of this call are scheduled as follows:

Sitting	Date
No. 24	Thursday, 5 November 2026
No. 25	Thursday, 10 December 2026

Later sittings are announced on the Office's website (https://erasmus.cut.ac.cy).

Applications submitted by the deadline are examined at the sitting of Thursday, 10 December 2026 (sitting no. 25).

At the first stage, applications are scored against the published criteria and a ranking list is drawn up, taking into account the applicants' order of preference. The ranking and pre-approval list is sent to the Departmental Erasmus+ Coordinator, who:

- discusses with the student and approves a programme of courses for one semester (30 ECTS) or one year (60 ECTS), with learning outcomes similar, complementary or related to the Department's programme — not necessarily identical in content. Courses the student has already passed at CUT cannot be chosen.
- the programme is recorded on the course-equivalence form, signed by the Departmental Coordinator and the Chair of the Department, and submitted to the Erasmus+ Mobility Office.

At the second stage, the Selection Committee, taking into account the Department's course-equivalence approval, approves the final list. The approved programme is reflected in the Learning Agreement and guarantees that the credits earned will be fully recognised and transferred to the Department's study programme.

> If the course-equivalence form is not drawn up and signed within 2 months of pre-approval, the pre-approval lapses and the place passes to the next applicant on the ranking list.

After selection, the student consults the host university's website for its procedures, deadlines and documents (application, courses, housing). Once accepted by the host university, the student submits the Learning Agreement in the platform and the funding procedure begins.

Selected participants submit their funding documents in the platform at least one month before the mobility starts. Where this deadline is missed, the Office reserves the right to withdraw the approval.

What you receive with the decision

The decision on your application is communicated in writing through the platform and by e-mail, and includes:

- the outcome, and your position on the reserve list where there is one;
- your score against each published criterion, so you can check the arithmetic yourself;
- the reasons, where the outcome turned on something other than rank;
- your right to appeal, how to exercise it, and the date the 7-day window closes.

A decision communicated without the above is reissued, and the appeal window runs from the corrected decision.

Appeals and complaints

An appeal asks us to check whether something went wrong in how your application was handled. It is not a second opinion on a correct result — but if in doubt, appeal, and it will be looked at.

Grounds for an appeal

- a quantitative criterion was calculated wrongly (for example your GPA was entered or doubled incorrectly);
- a document you submitted on time was not taken into account;
- a criterion was applied to you differently than to others;
- something in the handling of your own application went wrong (a message not sent, a deadline given in error).

Not grounds for an appeal

- disagreement with the criteria themselves, which are published before the call opens and are the same for everyone;
- disagreement with another applicant's score;
- a preference for a different host university, where places were allocated as published.

1. Erasmus+ Mobility Office	Within 7 calendar days of the decision being communicated	Written answer within 15–30 days
2. Erasmus+ Selection Committee	If the matter cannot be settled by the Office, or concerns conduct or treatment	Written decision within 60 days
3. Students Ombuds	If you are not satisfied with the University's answer	Independent procedure under the CUT (Student Matters) Regulations of 2015

Appeals are sent by e-mail to erasmus@cut.ac.cy, with your name, the call and a description of what went wrong, attaching anything that supports it. Receipt is acknowledged within 3 working days, with an indication of when to expect an answer.

Appealing costs nothing and has no bearing on this or any future application, or on how you are treated by the Office.

A complaint about a delay (a payment, a document or an answer that has not come) goes to the Office, which establishes where the case stands. A complaint about conduct or treatment goes to the Selection Committee, so that no one investigates a complaint about themselves.

The full selection, appeals and complaints procedure, and the deadlines the Office commits to, are published at https://erasmus.cut.ac.cy/about/procedure.

Funding procedure

Before the mobility starts, participants submit in the platform:

- Learning Agreement, agreed and signed by the three parties: the participant, CUT and the host organisation.
- Grant Agreement between the participant and CUT, issued by the platform and signed electronically.
- European Health Insurance Card (EHIC) and travel insurance.
- Copy of identity card or passport, and IBAN certificate.

The first instalment of the grant is paid before departure, provided the funding file is complete at least one month before the mobility starts and the Grant Agreement has been signed by both parties. On arrival at the host, the participant submits in the platform the Arrival Form signed by the host.

At the end of the mobility, the participant submits in the platform, within 15 days:

- Departure form / Certificate of Stay or Attendance, signed by the host organisation.
- Transcript of Records or Traineeship Certificate, as applicable.
- Proof of completion of the EU Survey.
- Boarding passes or other proof of travel.

The balance of the grant is paid within 30 working days of receipt of the last document that allows the payment order to be issued under the Grant Agreement. The clock starts when the file is complete, not when the mobility ends.

Files are processed in the order they become complete. Where the deadlines of the Grant Agreement have passed, the Office may hold a payment in the queue or, within what the Agreement allows, decline it. Causes outside the participant's control are taken into account when raised at the time.

The final amount of the grant is set by the Office under the project's funding rules and recorded in the Grant Agreement.

How the grant is calculated

Funding under the approved project 2026-1-CY01-KA131-HED-000432661 (Call 2026). The amounts are those in force for the project, as set by the National Agency (IDEP Lifelong Learning):

Travel support

Distance	Standard travel	Green travel
10–99 km	€28 per participant	€56 per participant
100–499 km	€211 per participant	€285 per participant
500–1999 km	€309 per participant	€417 per participant
2000–2999 km	€395 per participant	€535 per participant
3000–3999 km	€580 per participant	€785 per participant
4000–7999 km	€1188 per participant	€1188 per participant
8000 km and above	€1735 per participant	€1735 per participant

"Travel distance" is the distance between the place of origin and the venue of the activity, calculated with the European Commission's distance calculator; the amount covers travel to and from the venue. Green travel: train, bus or car-pooling for the main part of the journey.

Individual support

Monthly amount for study mobility, by group of receiving country:

Group	Receiving country	Monthly amount
Group 1 — higher living costs	Denmark, Finland, Iceland, Ireland, Liechtenstein, Luxembourg, Norway, Sweden	€674 per month
Group 2 — medium living costs	Austria, Belgium, Cyprus, France, Germany, Greece, Italy, Malta, Netherlands, Portugal, Spain	€606 per month
Group 3 — lower living costs	Albania, Bosnia and Herzegovina, Bulgaria, Croatia, Czech Republic, Estonia, Hungary, Kosovo, Latvia, Lithuania, Montenegro, North Macedonia, Poland, Romania, Serbia, Slovakia, Slovenia, Turkey, Ukraine	€550 per month

The amount is calculated automatically in the platform from the dates and destination of the application.

Inclusion and diversity

The Office aims to make participation in Key Action 1 of Erasmus+ inclusive and accessible to every eligible student, regardless of socio-economic background and of particular needs or abilities.

In line with the National Action Plan for Inclusion and Diversity, the participation of people with disabilities and/or fewer opportunities is encouraged. Additional financial support of €250 per month (or a one-off €100 for a short-term mobility of 5–14 days and €150 for 15–30 days) is offered to students who fall within the special admission categories of CUT:

- Category A: from families with special circumstances;
- Category B: with serious health problems or other serious problems;
- Category C: other special categories.

Data protection

Personal data submitted with the application are processed by the Cyprus University of Technology solely for the management of Erasmus+ mobility and for reporting to the National Agency and the European Commission, in accordance with the General Data Protection Regulation. The platform's privacy policy is available at https://erasmus-cut.app/privacy.

Information

For information: erasmus@cut.ac.cy · https://erasmus.cut.ac.cy. Questions on inclusion and the special categories: outgoing@cut.ac.cy.

Annex A — Partner universities by Department

The universities offered under this call, as approved by each Department, with the places available under each agreement. Places are allocated by the Selection Committee on the basis of ranking and order of preference; "—" means the agreement's own quota applies.

Academy of Hospitality and Tourism

Host university	Country	Subject area	Places	Agreement until
TAMPEREEN AMMATTIKORKEAKOULU OY	Finland	General	4	08/2029
